1. We have been advised by OMB that our plan for reducing equipment procurement obligations has been approved and that procurement may resume in accordance with the approved plan. (U)

2. The Agency plan proposed reductions totaling \$1.5 million. Specifically, we proposed reducing obligations for ADP equipment by \$1.1 million in the Office of Data Processing (ODP) and for replacement furniture by \$398,000 in the Office of Logistics (OL). Other possible reductions identified by your components in response to the reference were not included in the Agency's plan for reducing obligations. Therefore, except for the ODP and OL reductions noted above, normal equipment procurement may be resumed consistent with funds budgeted in 1981 and as reflected in the individual component plans submitted to this Office in response to the reference.
